- Amazing tutor, literally the best I have had. Super clear explanations, tricks and resources. Thank you very much for all the effort that you put in. All the best.
- Great classes!
- Great extra notes and material (notebooks!)
- I had him for one class, and his notes were so detailed and comprehensive. He was great!
- I really like Sabet's way of teaching. He is humble, patient, enlightened and always willing to answer our questions even though they are kind of 'stupid'.
- Soroush consistently goes above and beyond for his students, always answering questions and building phenomenally helpful notebooks that allow us to visualise the often complex models. Soroush was a clear communicator and helpful both in understanding the economic intuition and showing how to most efficiently solve problems.

Soroush was also good fun, with lots of laughs and a genuinely fun classroom environment

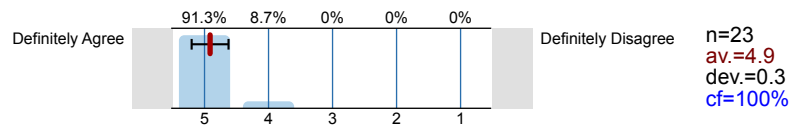

- Soroush has been an excellent class teacher, and it has been a greta pleasure having him as my class teacher. I was always looking forward to his seminars, as they were always very intellectually stimulating. There have been a few aspects of his teaching that I have particularly enjoyed. Firstly, Soroush's slides are very detailed and contain a lot of intuition behind the solutions, which has been very helpful. Secondly, he gave very useful and detailed feedback on the first hand-in assignment, which has helped me study better for this course. Thirdly, I have truly appreciated his effort in making the Pluto notebooks - they have been very useful. Finally, Soroush has been very receptive to feedback from the students and has been implementing it already, which is very much appreciated. Overall, I have been very happy having Soroush as my class teacher this semester.

- Soroush is a fantastic tutor who's enthusiasm for macroeconomics is as undeniable as it is infectious. His slides are extremely helpful in understanding the content, and his explanations have the right level of pace and clarity
- Soroush is amazing, so are his slides. Many thanks.
- The presentations, especially the review sessions, are beneficial for better understanding the lectures. Soroush goes above and beyond to explain concepts, using tools like Pluto notebooks and providing extra information in the seminar slides. This has greatly enhanced my understanding of the material. Additionally, he is very approachable during classes and office hours, and his support has been invaluable.
- The Recap parts and the slides were very nice.
I really appreciated Soroush's effort to try to learn some of the names of his students. This created a very welcoming atmosphere.
- The slides that he uses are very useful.

1.5) Please comment on aspects of this teacher's teaching you think could be improved.

- As mentioned in the feedback that Soroush collected from us, I believe it would be useful to have more derivations/algebra on the slides to ensure that we understand each step. However, I know that Soroush has already taken this feedback into account for his newer slides, which is great.
- At times, Soroush's response to questions on the spot was somewhat unclear. Students may ask a question and Soroush might say something contradictory. However, this was rare and Soroush always followed up with detailed explanatory extra slides to clarify any confusion. This was much appreciated.
- NA
- Nothing.

1.6) Overall, I am satisfied with the teaching by this teacher on the course.
